

## **Leadership Development**

Once again I am asking Clubs if they want to get involved in the new program that is out to evaluate your club and also an evaluation of what you community might need. This is an extensive program which helps you determine what is needed to make you club the best it can be for its members as well as the community. A club assessment and a community assessment is part of the process. Call me for more information.

Also a new program called CEP or Club Excellence Program is now up and running, we are looking for Lions in each Region to become trainers so that they may present and train the clubs. Let me know if you are interested.

Also don't forget about the training Forum at Higgins Lake Nov 11 -13<sup>th</sup> there still might be time to get registered for the beginning leadership classes as well as the advanced.
