Status of Obtaining New PlusOptix Camera for the District:

It has arrived (on Thursday 10-13-2011)! I am in the process of un-packing it and “checking it out.” I have bought a printer to go with it (purchase price did not include printer) and will be submitting a re-imbusement request for its cost and a few other related items. I plan to have Wolverine Club use the second camera at their 10-21-2011 screening. I owe a big **THANK YOU! To Lion Brian Rowland** (Beaverton Lions) who has been assisting me. I’d like to commence calling him my Co-Chair since he has facilitated the majority of the screenings.

All Project KidSight Photoscreeners are invited to Lansing:
